## The New Online Video Course

by Daniel O'Leary

This online course, over a series of ten videos, offers precious and life-changing insights about Creation, Incarnation and our own divine hearts – insights that were never revealed to us until now. The videos introduce and explore further themes taken from the heart of this book.

Oxford Augustinian theologian Fr Gabriel Daly: '*... inspiring, wise and modern ... attempting to bring about much-needed reform ...*'

Professor Salvador Ryan; Pontifical University, Maynooth: '*... sparkles with an irrepressible enthusiasm for a truly Incarnational Christianity ...*'

Dr Oonagh O'Brien, Director of Mount St Ann's Retreat and Conference Centre: '*... guides us gently and convincingly towards a new theology of the universe, of God, and of ourselves ...*'

Fr Tom Grufferty, the Tablet Book Page: '*... the findings of science and the treasures of faith come together in a new synthesis ... and we grasp anew the beauty of the Incarnation ...*'

Monsignor Tony Doherty, former Dean of Cathedral, Sydney Archdiocese: '*... it has stretched my imagination, given my theology an entirely new shape ...*'
